

YUFA announces:

A Queer Caucus

To YUFA Members:

The York University Faculty Association is committed to addressing a comprehensive range of equity issues at York University. As a step toward this end, YUFA's Equity Committee has requested that I initiate a Queer Faculty Caucus. YUFA members who identify as lesbian, gay, bisexual, transgendered or queer are invited to the first meeting of the caucus. At this time we ask that only faculty and librarians who identify as lesbian, gay, bisexual, transgendered, or queer attend.

This first meeting will provide us with the opportunity to meet one another, to determine as a group what our interests in having a caucus are, and what our objectives for the caucus will be.
